	HIGHLINE WATER DISTRICT CODE BOOK TITLE 5 – REVENUE AND FINANCE
	Chapter 5.50.010 SMALL AND ATTRACTIVE ASSETS

PURPOSE: This policy establishes a system for tracking Small and Attractive Assets. The goal of the policy is to promote accountability and ensure responsible stewardship of District resources by establishing a consistent method of asset inventory and control.

DEFINITIONS: A **Small and Attractive Asset (SAA)** is defined as an easily movable, tangible item with a purchase price between \$1,000 and \$4,999.99 (below the fixed asset threshold) and electronic devices [e.g. radios, cameras, computers, computers, laptops, phones, etc.] with a purchase price between \$300 and \$999.99. SAAs have an expected useful life of more than one year. SAAs are items of particular risk or vulnerable to loss, theft or misuse and may not be immediately missed or could be potentially replaced without detection during standard voucher audits.

PROCEDURES: The General Manager or designee shall have the authority to establish, modify and delete procedures in support of this policy for the tracking, management and disposal of Small and Attractive Assets in accordance with State law and industry's best practices.

LIMITATIONS: Nothing in this policy shall prohibit department managers from establishing more stringent tracking systems for items below these thresholds for departmental use.
