HIGHLINE WATER DISTRICT
King County, Washington

RESOLUTION 17-6-7A

RESOLUTION AUTHORIZING RELINQUISHMENT OF EASEMENT
KING COUNTY RECORDING NO. 20110325000368

WHEREAS, the easement is located at 21st Ave S between S 212th & S 216th and along S 212th St between S 21st to 24th (reference Exhibit A – attached and incorporated herein); and

WHEREAS, the District no longer requires the easement that was granted to Highline by the City of Des Moines Street Vacation Ordinance No. 1489, Section 4, Item 6, page(s) 7 and 8 of 10, under King County Recording No. 20110325000368 (reference Exhibit B – attached and incorporated herein); and

WHEREAS, the District desires to relinquish the easement as the water main is no longer in service.

NOW, THEREFORE, BE IT RESOLVED:

The Board of Commissioners approves the relinquishment of said easement and authorizes the General Manager or designee to execute the relinquishment of easement referenced herein.

ADOPTED BY THE BOARD OF COMMISSIONERS of Highline Water District, King County, Washington, at an open public meeting held this 7th day of June 2017.

Re: Street Vacation Ordinance No. 1489

In Street Vacation Ordinance No. 1489, Section 4, Item 6, page 7 and 8 of 10 under King County Recording No. 20110325000368 an easement was granted to Highline Water District for operation of water main that was in the proposed street vacation area (21st Ave S between S 212th and S 216th and S 212th St from 21st Ave S to 24th Ave S)

The main in the area of the described easement is no longer in service, therefore, Highline Water District no longer requires the described easement as outlined in Ordinance No. 1489.

The developer of the Des Moines Creek Business Park has contacted Highline Water District asking for the easement to be released. Since the City of Des Moines was the original Grantor of the easement, the City would need to release the easement.

Please contact Allison Warren the developer's representative directly or me at (206) 592-8904 or jdelmar@highlinewater.org if you have questions about this request:

ORDINANCE NO. 1469

AN ORDINANCE OF THE CITY OF DES MOINES, WASHINGTON,
repealing Ordinance No. 1428 (uncodified) and vacating by the
petition method City rights-of-way known as South 21st Street,
South 212th Street, South 214th Street, 20th Avenue South, 20th
Place South, 21st Avenue South, and 22nd Avenue South located in
and abutting a portion of property commonly known as the Fort of
Seattle "Buy-Out" area within the City of Des Moines, subject to
the applicant's compliance with requirements set forth herein.

WHEREAS, the Fort of Seattle has filed a petition to
vacate certain City rights-of-way within territory which has
been acquired by the Port of Seattle for purposes related to
Sea-Tac International Airport and aircraft noise mitigation,
and

WHEREAS, a Development Agreement between the Port of
Seattle and City of Des Moines (the First Development
Agreement) executed on July 12, 2005 contemplates the
vacation of public rights of way to provide for future
redevelopment of property in the Port of Seattle "Buy-Out"
area, and

WHEREAS, no apparent municipal use of the said rights-of-way
continues to exist, but the Port has reason to convert
the rights-of-way to commercial purposes; and

WHEREAS, the Midway Sewer District and the Highline
Water District have existing facilities in portions of the
city streets requested to be vacated which will continue to
provide service to other properties and require easements to
be granted to allow for their continued use, and

WHEREAS, DMGC 12.12.040 adopts the street vacation
procedures of chapter 35.79 RCW, and

WHEREAS, RCW 35.79.810 authorizes the City Council to
initiate such street vacation procedures by resolution and
further requires setting of a public hearing and date for
Council action which was, in this case, established by
Resolution No. 1062 fixing the public hearing for
February 14, 2008, to be followed by Council action, and

WHEREAS, notice of the public hearing was given in
accordance with law and the public hearing was held before the
City Council of the City of Des Moines on February 14, 2008, and
all persons wishing to be heard were heard, and

WHEREAS, the City Council of the City of Des Moines
passed this Ordinance to a second reading on February 28, 2008,
and

WHEREAS, the City Council continued the second reading of
this Ordinance to March 6, 2008, and

WHEREAS, no objections to vacation were filed by any
abutting property owners prior to the hearing, and the
Council finds that no person has demonstrated special injury
due to substantial impairment of access to such person's
property, and
Paragraph 1: 

Whereas, the Council voted to adopt Ordinance 1428 on February 20, 2008 subject to certain conditions of approval, and

Whereas, progress toward completing conditions of approval related to Ordinance No. 1428 has been achieved, but full and complete satisfaction of these conditions is contingent upon release of funds for compensation of vacated property described herein and the execution of deeds to transfer said property, and

Whereas, since the passage of Ordinance No. 1428, the City of Des Moines and Port of Seattle have developed an alternate legal description that integrates better with recent efforts by the City to expand and improve right-of-way for South 216th Street and 24th Avenue South adjacent to Port of Seattle property, and

Whereas, supplemental title research since the passage of 1428 has also resulted in some corrections to the descriptions of property requested to be vacated, and

Whereas, a new public hearing is required to repeal Ordinance No. 1428, and

Whereas, public noticing requirements related to vacating of public property under RCW 39.73.020 have been completed, and

Whereas, pursuant to RCW 35.79.010 the City Council by resolution set a public hearing for June 10, 2010 which was, in this case, established by Resolution No. 1124, to be followed by Council action, and

Whereas, notice of the public hearing was given in accordance with law and the public hearing was held before the City Council of the City of Des Moines on June 10, 2010, and all persons wishing to be heard were heard, and

Whereas, the Council finds that there is no public need sufficient to maintain City ownership of the streets legally described herein and as depicted on the map marked Exhibit "A" to this ordinance and it is in the public interest to surplus these properties and sell them to the Port of Seattle to allow for redevelopment for Business Park purposes subject to the conditions of approval contained herein, and

Whereas, the Council finds that vacation of the rights-of-way legally described herein and as depicted on the map marked Exhibit "A" to this ordinance, is in the public interest; now therefore,

The City Council of the City of Des Moines ordains as follows:

Sec. 1. Findings adopted. Based on the evidence presented, the City Council adopts the following findings of fact:
Ordinance No. 1489
Page 3 of 10

(1) The public rights-of-way which are the subject of this ordinance consist of segments of public rights-of-way (South 212th Street, South 213th Street, South 214th Street, 20th Avenue South, 20th Place South, 21st Avenue South, 22nd Avenue South) located within the "buy-out" area which is geographically bounded on the north by the Des Moines city limits, on the east by 44th Avenue South, on the south by South 214th Street, and on the west by the SR-509 right-of-way and property largely consisting of Des Moines Creek and its associated slopes and open spaces.

(2) The public rights-of-way which are the subject of this ordinance are improved for transportation purposes, have previously been opened for transportation purposes, and are not subject to vacation by operation of law under the Laws of 1889-90.

(3) The public rights-of-way which are the subject of this ordinance are not necessary for present and future use by public utilities or for native growth protection because present and future needs for use by public utilities will be met by appropriate easements retained by the City or granted by the property owner abutting the rights-of-way proposed to be vacated and critical areas to be mapped and protected with the use of protective environmentally critical areas tracts or easements prior to future site development.

(4) The public rights-of-way which are the subject of this ordinance are surplus to the present and future needs of the citizens of the City of Des Moines for transportation purposes, and it is in the public interest to vacate these rights-of-way, and to aggregate these properties along with surrounding properties to provide for future redevelopment and increased tax base.

(5) The repeal of Ordinance No. 1428 to improve the legal description of property requested to be vacated with respect to future street work related to South 216th Street and 24th Avenue South and to reflect updated title information is necessary and in the public interest.

Sec. 2. Repeal. Sections 1 through 6 of Ordinance No. 1428 (unmodified) are each repealed.

Sec. 3. Right-of-way vacation. Subject to the requirements set forth in this ordinance, the following legally described public rights-of-way as depicted on the attached map entitled Exhibit "A" are vacated and the property within the rights-of-way so vacated shall belong to the respective abutting property owners, one-half to each as required by RCW 35.79.040, subject to the conditions set forth in section 3 of this ordinance:

Sec. 4. Conditions of right-of-way vacation. The rights-of-way subject to vacation under this ordinance shall be subject to the following conditions:

1. The abutting property owner (Port of Seattle) shall be required to compensate the City of Des Moines for vacation of these Class A rights-of-way, pursuant to WMC Sec. 12.12.050(2)(a) and consistent with the terms of the Draft Second Addendum to the First Development Agreement, incorporated herein by this reference as Exhibit "A," unless the terms of this agreement are specifically directed to be modified by the City Manager and/or at the direction of the City Council prior to the Port of Seattle and City of Des Moines executing this agreement.

2. The purchase of vacated rights-of-way under this ordinance shall include ownership of all inactive and non-functioning improvements to City streets, including but not limited to, pavement and drainage systems. It is the sole responsibility of the purchaser to remove and properly dispose of these inactive and non-functioning improvements.

3. The City Manager is directed to finalize this street vacation ordinance in accordance with the escrow agreement.

4. The Port of Seattle shall preserve public access to the public trail located on abutting land owned by the City. The Port shall provide access improvements within the natural open space areas adjacent to the upper critical area buffer associated with Des Moines Creek.

5. The Port of Seattle shall connect all utility purveyors serving this site to identify and grant desired easements, if any, for active and permanent utility systems and improvements within property vacated under this ordinance.

6. An easement is granted by the City of Des Moines to the Highline Water District and its successors and assigns for the operation, construction, repair, and maintenance of existing underground public water system improvements as constructed across and through the following described property:

THAT PORTION OF THE NORTHEAST QUARTER, SECTION 9, TOWNSHIP 22 NORTH, RANGE 4 EAST, W.M., KING COUNTY, WASHINGTON, INCLUDED WITHIN STRIPE OF LAND DESCRIBED AS FOLLOWS:

SECOND ADDENDUM TO THE FIRST DEVELOPMENT AGREEMENT
REGARDING COMPENSATION FOR DEDICATED AND DEEDED RIGHTS OF WAY AND PURCHASE OF RIGHT OF WAY FRONTAGE

WHEREAS, this Second Addendum to the First Development Agreement Regarding Compensation for Dedicated and Deeded Rights of Way (hereinafter "Second Addendum") is entered into between the City of Des Moines (hereinafter "City") and the Port of Seattle (hereinafter "Port") to amend the terms and conditions under which the Port will acquire from the City the surplus rights of way within the Des Moines Creek Business Park site (hereinafter "DMCBP") and the City will acquire from the Port the land needed to complete expansion of 24th Avenue South and South 21st Street fronting the DMCBP; and

WHEREAS, the City and the Port entered into the "First Development Agreement - City of Des Moines and Port of Seattle - Development of the Des Moines Creek Business Park Property" (hereinafter the "First Development Agreement") on July 11, 2005; and

WHEREAS, the following section of the First Development Agreement and First Addendum to the First Development Agreement is superseded by this Second Addendum for purposes of this Agreement:

(1) Street vacation will be requested. The parties recognize that the Port will request that certain city streets located on the property be vacated before beginning work. The parties recognize that the work to be performed by the Port, including but not limited to rough and final grading, utility installation or removal, surface water facilities, street and road construction, and building construction, will be more difficult and costly if the streets are not vacated. The parties agree that the street vacations shall be reviewed in concert with review of the Second Development Agreement - Conceptual Master Plan. The parties agree that no decision on the street vacations shall occur prior to a decision on the Second Development Agreement - Conceptual Master Plan."

WHEREAS, the City Council adopted Resolution 1049 on July 5, 2007, which proposed to modify the sequence of approvals and agreements for street vacation approval by the City as set forth in the First Development Agreement in part by completing vacation of the Dedicated Streets and conveyance to the Port of the Deeded Streets prior to final developer selection and completion of the Second Development Agreement; and
WHEREAS, the City Council held a public hearing on February 14, 2008 to
vacate the Dedicated Streets and concurrently approve transfer of the Deeded Streets
contingent upon approval of the developer's master plan and full execution of the Second
Development Agreement; and

WHEREAS, in May 2008 the City and the Port entered into the First
Addendum to the First Development Agreement Regarding Compensation for
Dedicated and Deeded Rights of Way (the "First Addendum") to establish the terms and
conditions for vacating of Dedicated Streets and transfer of the Deeded Streets from the
City to the Port, including adoption of a payment schedule consistent with DMMC
12.12.060 and Chapter 35.70 RCW; and

WHEREAS, DMMC 12.12.060 establishes conditions precedent to passage of
an ordinance providing for vacation of a right of way; and

WHEREAS, the City Council in its discretion agreed to waive the timing of the
compensation provisions of DMMC 12.12.060 for the purposes of this First Addendum
only, to allow compensation to be paid for the Properties rather than pursuant to the
cash sale terms of DMMC 12.12.060, understanding that the City shall receive fair
market value for the Properties under the terms of this First Addendum and that
Ordinance No. 1426 and Ordinance No. 1429 shall only be effective upon payment to
the City in accordance with this First Addendum; and

WHEREAS, the City Council determined that it would be in the public interest to
vacate the Dedicated Streets and sell the Deeded Streets in the Project property area;
and

WHEREAS, in 2008 the Port solicited proposals through a competitive process
from real estate development firms interested in developing the DMCRP site, and
ultimately selected a developer and began negotiating the terms of a land lease
agreement; and

WHEREAS, in fall 2008 the Port and the selected developer did not come to an
agreement on the lease because of the national recession and other factors; and

WHEREAS, since 2008 the Port has continued with planning efforts to better
position the DMCRP for development as the regional economy improves; and

WHEREAS, since 2008 the City has invested nearly $2 million in the planning
and design of offshore infrastructure supporting the DMCRP, and is actively pursuing
federal and state funds to construct this infrastructure; and

EXHIBIT B, ORDINANCE NO. 1429 AND 1430
Page 2
WHEREAS, the City's roadway design efforts have identified the Right of Way Acquisition needed by the City, which acquisition will improve the City's ability to acquire grants and begin construction of the Roadway Improvements as early as 2011 if such funds become available; and

WHEREAS, the parties have now concluded based on the additional Port and City planning and design that approval of the developer's master plan and full execution of the Second Development Agreement, as required by the First Development Agreement and First Addendum, is no longer necessary to complete transfer of the Properties, and that transfer of the Properties at this time along with the Right of Way Acquisition would benefit both the Port and the City; and

WHEREAS, the Port's planning work and the City's design efforts have identified the need for some changes to Ordinance No. 1428 and Ordinance No. 1429 from 2008, affecting the right of way vacations and deeded street transfers; and

WHEREAS, the City Council held a public hearing on June 10, 2010 to repeal Ordinance No. 1428 and Ordinance No. 1429, and to enact new ordinances that vacate the Dedicated Streets and concurrently approve transfer of the Deeded Streets, subject to execution of this Second Addendum; and

WHEREAS, the City Council also discussed accepting statutory warranty deeds for Right of Way Acquisition, and a related Slope and Utility Easement needed for the Roadway Improvements, subject to execution of this Second Addendum; and

WHEREAS, the City and the Port now enter into this Second Addendum to establish the terms and conditions for the vacation of Dedicated Streets, transfer of the Deeded Streets from the City to the Port, and acquisition of rights of way and easements needed for the Roadway Improvements, including agreement on a payment schedule consistent with DMVC 12.12.090 and Chapter 96.79 RCW; and

NOW, THEREFORE, the City and the Port agree as follows:

I. Definitions

As used in this Second Addendum, unless the context or subject matter clearly requires otherwise, the words or phrases defined in this section shall have the indicated meanings.

"City" means the City of Des Moines.

"Closing" means the date described in Section III (E) below.
"Construction License" means the temporary construction license needed by the City from the Port to construct the Roadway Improvements.

"DMMC" means the Des Moines Municipal Code.

"Dedicated Streets" means the streets identified in Exhibit I that were dedicated to King County or the City as part of the subdivision approval process for the neighboring properties.

"Deeded Streets" means the streets identified in Exhibit II that the City owns in fee simple.

"Easement" means that slope and utility easement needed by the City to facilitate construction of the Roadway Improvements and the Project.

"Escrow Agreement" means instructions to an escrow agent prepared by the parties to effect the simultaneous recording of City ordinances, deeds, assessments and licenses vacating rights of way, transferring properties between the parties, and facilitating construction of roadway improvements.

"Ordinances" means Ordinance Nos. 1485 and 1492 (1) setting out the revised legal descriptions for the Dedicated Streets and (2) setting out the revised legal descriptions of the Deeded Streets. These Ordinances are hereby incorporated by this reference.

"Port" means the Port of Seattle.

"Project" means the Des Moines Creek Business Park (DMCBP).

"Properties" means the Dedicated Streets and the Deeded Streets.

"Right of Way Acquisition" means the Port property identified in Exhibit III needed by the City to complete the Roadway Improvements.

"Roadway Improvements" means the widening of 24th Avenue S. and S 218th Street as generally identified in the Transportation Gateway Project Design Report, December, 2009.

II. Introduction and Purpose

This Second Addendum establishes a written agreement between the City and the Port regarding the responsibilities of the parties and procedures to be followed in the preparation and processing of all necessary documents needed to achieve transfer of...
the Properties and the Right of Way Acquisition. The parties intend that the Project proceed in such a manner to satisfy the applicable ordinances, resolutions, policies, and environmental requirements of the City and the Port.

III. Terms

A. Description of the Properties. The Properties consist of 497,739 a.r. +/- (approximately 11.43 acres), which are 354,397 a.r. +/- (approximately 7.98 acres) of Dedicated Streets and 143,341 a.r. +/- (approximately 3.56 acres) of Deeded Streets as depicted and more fully described in the Ordinance No. 1480 (Dedicated Streets - Exhibit I) and Ordinance No. 1490 (Deeded Streets - Exhibit II).

B. Right of Way Acquisition. The Right of Way Acquisition needed for the Roadway Improvements consists of 123,889 a.r. +/- (approximately 2.84 acres). This acquisition shall be effected by the Port’s execution of the Statutory Warranty Deed attached as Exhibit III. The Port’s execution of the Statutory Warranty Deed is contingent upon approval of the Right of Way Acquisition by the Federal Aviation Administration (FAA).

To further facilitate construction of the Roadway Improvements and the Project, the City also requests the Port’s execution of the Easement attached as Exhibit IV and the Construction License attached as Exhibit V.

C. Compensation Due: The parties agree to a fair market value for the Properties and the Right of Way Acquisition of $6.00 per square foot. This valuation is based on the “Complete Appraisal Presented as a Summary Report, Des Moines Great Business Park, as of September 21, 2010”, prepared by GVA Kiddie Matthews dated September 21, 2010.

(i) Properties. The Port’s payment to the City for the Properties is determined by the total square footage of the Properties (497,739 square feet) multiplied by the per square foot fair market value of the Properties ($6.00) which equals $2,988,432.

(ii) Right of Way Acquisition. The compensation that the City will pay the Port for the Right of Way Acquisition is determined by the total square footage of the needed frontage (123,889 square feet) multiplied by the per square foot fair market value of the frontage ($6.00) which equals $743,334. This amount shall be deducted from the compensation to be paid by the Port resulting in a net payment to the City of $2,245,098.

(iii) Easement; Construction License. The Port and the City acknowledge that the Easement is mutually beneficial, and the Port agrees to convey...
the Easement at no cost to the City. In addition, the Port agrees to grant the Construction License to the City at no cost.

D. Payment. The Port shall pay the City at Closing the net payment as described in paragraph III(C)(6) above from funds currently in escrow as a result of the First Addendum, and in accordance with the Escrow Agreement to be provided.

E. Closing; Closing Costs. Closing shall occur within thirty (30) days of the Port’s receipt of the FAA’s approval of the Right of Way Acquisition. The parties agree each will pay one-half of the escrow fee and recording fees.

F. Closing Documents.
   a. Port’s Documents. At Closing, the Port shall deliver the following documents:
      i. Executed original Statutory Warranty Deed reflecting the Right of Way Acquisition;
      ii. Executed original Slope and Utility Easement;
      iii. Executed original Construction License; and
      iv. Such other documents as the escrow agent requires for Closing.
   b. City’s Documents. At Closing, the City shall deliver the following documents:
      i. City of Des Moines Ordinances Nos. 1489 and 1490
      ii. Executed original Statutory Warranty Deed reflecting the Deeded Street Sale
      iii. Such other documents as the escrow agent requires for Closing.

G. Second Development Agreement. The City and the Port agree that a Second Development Agreement shall provide for City cost reimbursement for the Port’s proportionate share of the design, right of way and construction costs related to the Roadway Improvements, future transportation impact fees and other project related improvements.
IV. Entire Understanding, Modification, and Authority

A. Modification. This Second Addendum may be amended or modified only by mutual agreement of the parties expressed in writing.

B. Jurisdictional Authority. This Second Addendum is specific to the Project and is not intended to transfer any degree of jurisdictional authority held by one party to the other party, nor is it to be misconstrued as recognition of jurisdictional authority which either party may duly claim.

V. Termination

To the extent Closing fails to occur as provided in Section II(E) above, the City may repeal any applicable ordinances and they shall be considered a nullity, and the City’s ownership interest in the Property shall revert to the status the City enjoyed prior to entering into this Second Addendum.

VI. Effective Date

This Second Addendum must be approved by the City Council of the City of Des Moines and the Port Commission of the Port of Seattle and shall become effective on the date of final signature below.

VII. Exhibits

This Second Addendum includes the following Exhibits and each is fully incorporated herein.
