Department: Engineering/Operations (Field)

Salary Range: \$6,124 to \$7,958 per Month

FLSA Status: Non-exempt

Union Membership: Plumbers & Pipefitters Local 32

Reports to: Field Supervisor or Operations Supervisor

Prepared/Revised Date: March 2023

About the Position

The Senior Utility Worker assists in the operation of the water distribution system and provides exceptional service to both internal and external customers. Performs a variety of physically demanding work using heavy and specialized equipment to maintain or repair the water system. Responsible for various maintenance program(s) related to water system, facilities or vehicles.

Essential Duties and Responsibilities include the following. Other duties, responsibilities, and activities may change or be assigned at any time with or without notice.

- Conduct routine inspections, service, and perform preventive maintenance on all components of the district's water distribution system. Provides Training. Documents, repairs, and notify appropriate personnel of deficiencies.
- Replace, repair, maintain and install main pipes, hydrants, valves, blow-offs, meters, services, and other water system facilities. Assist with documentation of completed work.
- Operate, maintain, and troubleshoot hand and powered tools, vehicles, and equipment in a safe and efficient manner.
- Set up traffic devices and perform flagger duties to control vehicle and pedestrian traffic in and around work sites. Directs others to assist with traffic control.
- Ensures vehicles, equipment and tools are operated and maintained in safe and operative condition.
- Prepare forms, collect data, and complete documentation in a precise and timely manner.
- Accurately and efficiently reads construction record drawings, as-builts, GIS maps, and other district facility records.
- Respond courteously to questions or concerns from the public within scope of knowledge and refers other questions to appropriate employee or supervisor.
- Perform on-call duty and respond to water emergencies after hours.
- Work safely and in accordance with Federal, State and District safety standards, including the use of appropriate safety equipment. Capable of identifying existing and predictable hazards in the working conditions and take prompt corrective measures to eliminate them.
- Performs grounds, minor building, and equipment maintenance and repair.
- Investigate water leaks to determine source and recommends remedial action.
- Locate and document underground utilities using maps and electronic devices.
- As assigned, may fill in as the Utility Worker Lead

Position Requirements

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Supervisory Responsibilities:

This position has no supervisory responsibilities unless temporarily assigned by a supervisor.

Education, Experience and/or Skills:

- HS Diploma, GED or equivalent
- 5+ years related experience working with water utilities or equivalent combination of education, training, and experience
- Basic mathematics
- Working knowledge of water systems and/or construction operations and construction tools, equipment, and vehicles
- General knowledge of safe and effective operation of various construction equipment
- Working experience reading maps and using GIS related products
- General familiarity with operation of Microsoft office suite to communicate and track program data.
- Working knowledge of Asset Management Software. Ability to quickly learn additional computer software such as time keeping and field specific programs related to job duties.
- Follow written and oral instructions, display good judgment, work independently and as a member of a team
- Ability to create good working relationship with co-workers and the general public, and ability to work well under pressure and stay calm in stressful situations.
- Valid Washington State driver's license with acceptable driving record

Physical Demands:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this position, an employee is constantly required to use hands to finger, handle, feel or operate objects, tools or controls and reach with hands and arms. The employee constantly is required to stand, talk, hear, walk, and sit. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception and the ability to adjust focus. The employee is frequently required to lift, carry, push, or pull up to twenty-five (25) pounds; occasionally required to lift, carry, push, or pull up to fifty (50) pounds and seldomly required to lift, carry, push, or pull over one hundred (100) pounds.

An employee in this position is constantly required to use written and oral communications skills; read and interpret data, information, and documents; analyze and solve problems; use math and mathematical reasoning; observe and interpret situations; deal with changing, intensive deadlines; and interact with officials and the public.

Work Environment:

This position typically works in an outdoor environment in all weather conditions. While performing the duties of this job, the employee occasionally works near moving mechanical parts, traffic, loud noises, fumes or airborne particles, toxic or caustic chemicals, confined spaces, and vibration.

Nothing in this job description restricts management's right to assign or reassign duties and responsibilities to this job at any time. Highline Water District believes that each employee makes a significant contribution to our success. That contribution should not be limited by the assigned responsibilities. This position description is designed to outline primary duties, qualifications and job scope, but not limit our employees nor the organization to just the work identified. It is our expectation that each employee will offer his/her services wherever and whenever necessary to ensure the success of the company.
