**MAINTENANCE AGREEMENT
SMALL SITE ASPHALT AND CONCRETE PATCHING REPAIR WORK
MP2018-25 / CONTRACT #18-50-34**

THIS AGREEMENT is entered into between **HIGHLINE WATER DISTRICT**, King County, Washington, a municipal corporation and special purpose district organized and existing under the laws of the State of Washington (hereafter referred to as "the District"), and AA ASPHALTING, LLC (hereafter referred to as "the Contractor") in consideration of the mutual benefits, terms and conditions hereinafter specified.

1. Project. The Contractor shall do all work and furnish all tools, materials, equipment and incidentals for the District's maintenance work known as:

SMALL SITE ASPHALT AND CONCRETE PATCHING REPAIR WORK

("Project") in accordance with and as described in the following documents and the Scope of Work/Proposal Form (**Exhibit A**).

2. District Agreement. The District employs the Contractor to provide the materials and to do and cause to be done the Project work described above and to complete and finish the repair work according to the terms and conditions of this Agreement, and agrees to pay for the work at the time, in the manner and upon the conditions provided for in this Agreement.
3. Contractor Agreement. The Contractor agrees to fully perform the work upon all terms and conditions as contained in this Agreement. The Contractor shall provide and bear the expense of all equipment, work and labor of any sort whatsoever that may be required for the transfer of materials and for constructing and completing the project provided for in this Agreement.
4. Completion Deadline/Liquidated Damages. The individual projects must commence within ten (10) calendar days of the provision of the Patch List (Notice to Proceed). The patch list is to be completed within thirty (30) calendar days, subject only to a delay due to weather conditions. If the work is not completed within that time period, because of difficulty in computing the actual damages to the District arising from any delay in completing this agreement, it is determined in advance and agreed by the parties that the Contractor shall pay the District the amount of \$ 100.00 per calendar day that the work remains uncompleted after expiration of the specified time for completion. The parties agree that this amount represents a reasonable forecast of the actual damages which the District will suffer by failure of the Contractor to complete the work within the agreed time period. The execution of this agreement shall constitute acknowledgment by the Contractor that the Contractor has ascertained and agrees that the District will actually suffer damages in the above amount for each day during which the completion of the work is avoidably delayed beyond the agreed completion date.
5. Contractor Guarantee. The Contractor shall guarantee the materials and work for a period of two years after completion of this Agreement.
6. Project Cost. The amount of the project cost is not-to-exceed \$100,000.00, plus Washington State sales tax.
7. Payment Terms. The District shall pay the Contractor on the following terms: Incremental payments, plus Washington State Sales tax to be paid from a contractor invoice (which must be approved by the District's Engineering/Operations Manager or designated Supervisor). Per RCW 60.28.11(1)(a) public improvement contracts must provide, and public bodies must reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (i) The claims of any person arising under the contract; and

(ii) the state with respect to taxes, increases, and penalties imposed pursuant to Titles 50, 51, and 82 RCW which may be due from such contractor.

8. Prevailing Wages. The Contractor shall pay prevailing wages as indicated on **Appendix A1** and shall comply with RCW 39.12 and RCW 49.28. A Notice of Intent to Pay Prevailing Wages and prevailing wage rates for the work must be posted for the benefit of workers. At the conclusion of each patch list, the Contractor and its subcontractors shall submit Affidavits of Wages Paid to the Department of Labor and Industries for certification by the director. Final payment on the Agreement shall be withheld until certification by the director has been received by the District that the prevailing wage requirements of the law have been satisfied. The Contractor hereby certifies that it has not been cited for two violations within the last five (5) years, and is thus prohibited from bidding on public works projects. The Contractor further assures the District that it will use no subcontractor who is thus prohibited.

Effective July 23, 2017, before award of a public works contract, the bidder under consideration for award of a public works project must submit to the public agency a sworn statement (**Appendix A2**) that they have not willfully violated wage payment laws within the past three years in order to be considered a responsible bidder. (Reference RCW 39.04.350).

9. Bond.

RCW 39.08.010 (effective 7/23/17)

(3) On contracts of one hundred fifty thousand dollars or less, at the option of the contractor or the general contractor/construction manager as defined in RCW 39.10.210, the respective public entity may, in lieu of the bond, retain ten percent of the contract amount for a period of thirty days after date of final acceptance, or until receipt of all necessary releases from the department of revenue, the employment security department, and the department of labor and industries and settlement of any liens filed under chapter 60.28 RCW, whichever is later. The recovery of unpaid wages and benefits must be the first priority for any actions filed against retainage held by a state agency or authorized local government.

Contractor Authorization: _____

OR

(4) For contracts of one hundred fifty thousand dollars or less, the public entity may accept a full payment and performance bond from an individual surety or sureties (**Appendix B**).

(5) The surety must agree to be bound by the laws of the state of Washington and subjected to the jurisdiction of the state of Washington.

10. Standard Specifications. The standard specifications for this project will be the latest edition of the "Standard Specifications for Road, Bridge, and Municipal Construction" as prepared by WSDOT and APWA. The performance of this Agreement and all work, materials and testing shall conform to the "Water District Developer Extension Special Provisions & Standard Details", which are expressly incorporated in this Agreement by this reference except as supplemented or modified. A copy of the Standard Specifications is available at the District's website www.highlinewater.org. The Contractor shall indemnify, defend and save the District and its commissioners, manager, employees and engineers harmless from any and all claims and risks and losses, damages, demands, suits, judgments and attorney's fees or other expenses of any kind on account of or relating to injury to or death of any and all persons or on account of all property damage of any kind, or in any manner connected with the work performed under this Agreement, or caused in whole or in part by reason of the presence of the Contractor, a subcontractor or their property, employees or agents during performance of the work or at any time before final acceptance, except only for those losses resulting from and to the extent of the sole negligence of the District with regard to activities within the Contractor's scope of work.

Should a court of competent jurisdiction determine that this Agreement is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the District, its members, officers, employees and agents, the Contractor's liability hereunder shall be only to the extent of the Contractor's negligence. It is further specifically and expressly understood that the indemnification provided herein constitutes Contractor's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties.

In an arbitration or lawsuit with respect to this hold harmless provision, the Contractor shall prepare and defend that lawsuit at its own cost and expense. If judgment is rendered or settlement made requiring payment of damages by the District, its officers, agents, employees and volunteers, the Contractor shall pay the same.

12. Insurance.
